Indiana Department of Homeland Security
Indiana State Department of Health
C/o Katie Hokanson
Director of Trauma and Injury Prevention
Indiana State Department of Health

Dear Designation Sub-Committee Members,

Please find the following information as requested for the “In the Process” one year review for Methodist Hospitals Northlake. As you will see, during the first 6 months of our reporting year, surgeon response was not consistent. Mentoring and education was provided by Dr. Rutland, Trauma Medical Director, to improve participation. Dr. Farias was eventually removed from our call schedule in January of 2015. Additionally, attendance to our peer review committee was poor initially for our Orthopedic liaison who thought that the 50% attendance requirement was for the operations committee only. His attendance has improved since clarifying the requirements

Since being granted “In the Process” status from the State of Indiana, our trauma service department has experienced significant growth and change for the betterment of the hospital as well as the patients we serve. We submitted the application for a consultation visit in October of 2014. On September 14th, 2015 we were granted a consultation visit for October 7th and 8th, 2015.

Kind Regards,

Jennifer Mullen, BSN, RN, CEN
Trauma Program Coordinator
Methodist Hospitals Northlake

2

Indiana Department of Homeland Security

One Year Progress Report for “in the process” Level III Trauma Center

Hospitals that were granted status as an “in the process” Level III Trauma Center are asked to provide sufficient documentation for the Indiana State Department of Health and the Indiana Department of Homeland Security to demonstrate that your hospital continues to comply with the following requirements:

1. **Submission of trauma data to the State Registry.** The hospital must be submitting data to the Indiana Trauma Registry following the Registry’s data dictionary data standard within 30 days of application and at least quarterly thereafter.

Has your hospital submitted trauma data to the State Registry at least two out of the last four quarters?	<input checked="" type="checkbox"/> YES	<input type="checkbox"/> NO
---	---	-----------------------------

* Please find the NTDB validator report attached for submission during the last two quarters of 2014. We are up to date in our data submission and currently abstracting August 2015 patients.

2. **Trauma Surgeon response times.** Evidence must be submitted that response times for the Trauma Surgeon are as defined by the Optimal Resources document of the American College of Surgeons. Also, there must be a written letter of commitment, signed by the Trauma Medical Director, that is included as part of the hospital’s application. There must be evidence that a trauma surgeon is a member of the hospital’s disaster committee.

Have your Trauma Surgeon’s maintained a response time as defined by the Optimal Resources document of the American College of Surgeons since granted “in process” Level III Trauma Center status? <i>Provide your hospital’s Trauma Surgeon response times including number of responses, response times and percentage within the required timeframe per Trauma Surgeon (documentation tool attached).</i>	<input type="checkbox"/> YES	<input checked="" type="checkbox"/> NO
--	------------------------------	--

* After becoming designated in 2014, our response times were not sustained above the 80% threshold, with one surgeon in particular not meeting any trauma call requirements. He was removed from our call schedule in January 2015. We have consistently maintained an overall threshold over 80% since May. We currently have one surgeon below the 80% response threshold for our highest level of activation who has been counseled by the Trauma Medical Director. All surgeons taking call have recently reviewed call requirements and renewed their commitment to trauma.

3. **Diversion policy.** The hospital must provide a copy of its diversion policy and affirm that it will not be on diversion status more than 5% of the time. The hospital’s documentation must include a

record for the previous year showing dates and length of time for each time the hospital was on diversion.

Has your hospital maintained a diversion status of less than 5% of the time since granted "in process" Level III Trauma Center status? <i>Provide your hospital's diversion documentation showing reason for diversion and dates and length of time for each time the hospital was on diversion (documentation tool attached).</i>	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
---	---

4. **Orthopedic Surgery.** There must be an orthopedic surgeon on call and promptly available 24 hours per day. There must also be a written letter of commitment, signed by orthopedic surgeons and the Trauma Medical Director, for this requirement.

Critical Care Physician coverage: Physicians must be capable of a rapid response to deal with urgent problems as they arise in critically ill trauma patients. There must be prompt availability of Critical Care physician coverage 24 hours per day. Supporting documentation must include a signed letter of commitment or proof of physician coverage 24 hours a day.

Have your Orthopedic Surgeons and Critical Care Physicians maintained coverage 24 hours per day since granted "in process" Level III Trauma Center status? <i>Provide your hospital's monthly Orthopedic and Critical Care physician call schedules since granted "in process" Level III Trauma Center status.</i>	Orthopedic Surgeons: <input checked="" type="checkbox"/> YES <input type="checkbox"/> NO Critical Care Physicians: <input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
---	---

*Methodist uses our intranet phone directory for contacting physicians who are on call. The directory is maintained by Physician Services and outlines the contact preferences of each physician.

5. **Operational process performance improvement committee.** There must be a trauma program operational process performance improvement committee and documentation must include a roster of the committee and meeting times for the previous year.

Has your Trauma Program Operational Process Performance Committee met at least quarterly since granted "in process" Level III Trauma Center status? <i>Provide your hospital's committee meeting dates and times along with a roster of the committee members and their attendance (documentation tool attached).</i>	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
--	---

* Our operational committee, "TPPIC", meets monthly.

6. **Trauma Peer Review Committee.** There must be a multidisciplinary peer review committee with participation by the trauma medical director or designee and representatives from General Surgery, Orthopedic Surgery, Neurosurgery, Emergency Medicine, and Anesthesia to improve trauma care by reviewing selected deaths, complications, and sentinel events with the objectives of identification of issues and appropriate responses.

<p>Have the trauma medical director or designee and representatives from General Surgery, Orthopedic Surgery, Neurosurgery, Emergency Medicine, and Anesthesia attended your multidisciplinary peer review committee at least 50% of meetings since granted "in process" Level III Trauma Center status?</p> <p><i>Provide your hospital's committee meeting dates and times along with a roster of the committee members and their attendance (documentation tool attached).</i></p>	<p>Trauma Medical Director:</p> <p><input checked="" type="checkbox"/> YES <input type="checkbox"/> NO</p> <p>General Surgeon:</p> <p><input checked="" type="checkbox"/> YES <input type="checkbox"/> NO</p> <p>Orthopedic Surgeon:</p> <p><input checked="" type="checkbox"/> YES <input type="checkbox"/> NO</p> <p>Neurosurgeon:</p> <p><input type="checkbox"/> YES <input checked="" type="checkbox"/> NO (N/A)</p> <p>Emergency Medicine:</p> <p><input checked="" type="checkbox"/> YES <input type="checkbox"/> NO</p> <p>Anesthesia:</p> <p><input checked="" type="checkbox"/> YES <input type="checkbox"/> NO</p>
---	---

* Our peer review committee, Operative and Trauma Services PIOC, meets monthly and currently all of our surgeons and liaisons have attended > 50% of the time. We are pursuing Level III without Neurosurgical capabilities, hence, the intermittent attendance by Neurosurgery.

Greetings:

Thank you for submitting your ACS/COT application. We will begin the scheduling process based off of the important details you provided us.

- Visit type: **Level III trauma consultation**
- Requested dates/period: **October 1, 2015 to November 30, 2015**
- Unavailable dates within your requested dates: Please provide as soon as possible
- **Application fee: Received Check #185459**

The VRC program has recently transitioned to a new electronic database. We apologize ahead of time for any delays or inaccuracies caused by this transition. If you notice any inaccuracies or adjustments that need to be made to your date range or point of contact, please let us know as soon as possible.

Scheduling:

Once dates have been confirmed by both the reviewers and the hospital, an email confirmation with the reviewers' contact information will be sent directly to you.

- Visits are scheduled Sunday through Friday, holidays are avoided.
- Dates will be selected from the requested dates/period noted above.
- Dates of the visit are based on the availability of the review team and the hospital.
- Confirmed dates can take several months to finalize.

Pre-review Questionnaire (PRQ):

Since your visit will be after July 1, 2015, a new PRQ is being designed to coincide with the Orange book. The new PRQ is not completed yet, but please use the attached word version of it to get started. You will receive your PRQ login as soon as the new PRQ is available.

NON-BOARD CERTIFIED OR BOARD ELIGIBLE SURGEON:

If there is a surgeon on the trauma call schedule who completed a residency outside the US, excluding Canada, this candidate must apply for the alternate pathway. The VRC office must be immediately contacted to accommodate this request.

- A surgeon who has completed a US or Canadian residency cannot apply for the Alternate Pathway.
- An additional ACS site reviewer from that same specialty must accompany the ACS review team.

Jennifer Mullen - PRQ Access - Methodist Hospitals Northlake Campus

Greetings Trauma Center

The VRC web-based PRQ is now available and you now have access to complete your hospital's questionnaire.

Pre-review Questionnaire (PRQ):

Below are the PRQ Website and your log in information:

<http://web2.facs.org/traumasurvey5/default.cfm>

Username: [REDACTED]

Password: [REDACTED]

- Please read the attached PRQ instructions first.
- The web based version of the PRQ is limited in its ability to correct errors. It is valuable to enter information, disperse sections, and make corrections in the word document first.
- When you login, your PRQ will be ready to complete.
- Only one person may be logged in to enter data at one time.
- You can print out the PRQ (see instructions in attachment).
- **The web-based PRQ must be completed 30 days before your site visit.**

New Additions to the PRQ:

- Revision of the Statically tables are now listed in Chapter 2
- New Appendices
 - a. Appendix 6 – Alternate Pathway
 - b. Appendix 12- Radiology Liaison
 - c. Appendix 13- Surgical Critical Care Liaison
 - d. Appendix 14- Pediatric Trauma Medical Director

If you are experiencing any technical issues with the new PRQ, please contact Ms. Wee Saysy at (312)202-5342. For non-technical questions, please contact Ms. Anita Johnson at (312)202-5134.

Hello Dr. Davenport, Dr. Rutland and Ms. Mullen,

We are pleased to confirm the upcoming **Level III consultation site visit** to the **Methodist Hospitals Northlake Campus in Gary Indiana on October 7-8, 2015**, with the following team of reviewers:

Ronald Gross MD FACS (Lead reviewer)
Office (413) 794-4022 and Cell (413) 464-2161
Ronald.Gross@baystatehealth.org assistant Lomie.Casey@baystatehealth.org

Paul Bankey, MD, PhD
Office Phone: (585) 275-3022
paul_bankey@urmc.rochester.edu

Connie R. Mattice, RN, MS, CCRN, ANP-BC
Cell (616) 460-1071
Connie.ruth.mattice@gmail.com

Reviewers will make their flight arrangements through the ACS travel department, and we ask that the hotel accommodations be arranged and prepaid by you for the evening of **October 7**.

Access to the on-line Hospital Prereview Questionnaire (PRQ) was previously provided. As per our phone discussion and email, due to the late scheduling The PRQ will be "marked complete" by **September 25**. <http://web2.facs.org/traumasurvey5/default.cfm>

Typically, the charts are reviewed prior to the Prereview dinner. Please ensure a room is set aside with all the charts divided by the appropriate category (refer to attached review agenda).

Please be sure to contact the reviewers directly, to email their hotel confirmations, get their flight itineraries and coordinate ground transportation to/from the airport/hotel/hospital, and other site visit logistics.

NEW: If you are an approved risk-adjusted benchmarking program, a report will be provided to your site review team. As of now, we DO NOT require that you use your TQIP results in a specific way, only that you participate.

If you have any questions, as always feel free to contact me.

Thank you.

Kind Regards,

9

TRAUMA CENTER

American College of Surgeons (ACS) Level III Trauma Center Requirements for Trauma Call

Thank you for your commitment to providing compassionate, quality health care services to all those in need. Building a trauma program is an extension of this commitment and our progress over the past year has already begun benefiting the residents of Northwest Indiana. The ripple effect extends well beyond our walls as we engage in injury prevention initiatives, strengthen pre-hospital care by building relationships with our EMS colleagues, and contribute to the development of our state-wide trauma system.

The American College of Surgeons Committee on Trauma (ACS-COT) considers surgeon participation in protocol development, the trauma team, trauma operation and peer review committee, and trauma rounds clear indicators of commitment to excellence in trauma patient care. The general surgeon is called on not only to evaluate and treat the patient but also to interpret and reconcile the recommendations of the team members and consultants to optimize patient care.

ACS requirements for surgeons taking trauma call are summarized below:

1. The general surgeon serves as the team leader and is expected to participate in the initial evaluation and resuscitation of the seriously injured patient. The maximum acceptable surgeon response time for Trauma Activations is 30 minutes, tracked from time of patient arrival. Response times will be continuously monitored with variances documented and reviewed. We must demonstrate the surgeon's presence is in compliance at least 80% of the time.
2. Successful completion of ATLS.
3. Committee requirements: Active participation in the both the Trauma Program Performance Improvement Committee and Operative and Trauma Services PIOC. Attendance is required at least 50% of the time. These committees have been scheduled back to back for your convenience and occur on the first Thursday of each month.
4. Completion of an Focused Professional Practice Evaluation with the Trauma Medical Director on at least an annual basis.

By signing below you renew your commitment to the trauma program and understand the requirements of participating in trauma call.

POLICY AND PROCEDURE

Subject:

Trauma Diversion

POLICY NO.:

TR_05

ORIGINAL DATE:	SUPERSEDES:	PAGE:
October 23, 2013	Original	1

Key Words: Trauma, Diversion, Bypass

Applies to: Inpatient:

Outpatient:

Provider:

All:

Video:

I. POLICY:

- A. To provide a guideline for Trauma diversion due to resource limitations in accordance with the American College of Surgeons, Committee on Trauma. Trauma diversion of ambulance traffic is to be avoided and instituted only as a last resort. Methodist Hospital is committed to instituting bypass no more than 5% of the time.
1. The Trauma Medical Director must be involved in all trauma diversion decision making.
 2. All instances of trauma diversion will be reviewed by the Trauma Program Performance Improvement Committee.
 3. Diversion will be re-evaluated at two hour intervals.

B. Acceptable circumstances in which to declare trauma diversion:

1. Any internal disaster (ie. Fire, bomb, electrical failure, etc.) which directly impacts the Emergency Department (ED), Computed Tomography (CT), or Operating Rooms.
2. Lack of Operating Room availability because all staffed operating rooms are in use or fully implemented with on-call teams and at least one or more of the procedures is an operative trauma case.
3. All Computed Tomography (CT) scanners are inoperable.
4. No available monitored beds in-house or in the ED.
5. The ED's volume/acute of patients has overwhelmed available Emergency Department resources of space, equipment, or staffing.

C. Exceptions to trauma diversion:

1. Any patient in need of an airway or other life-saving intervention must be transported to our facility.
2. Walk-in patients during diversion must be medically screened and triaged appropriately.

II. DEFINITIONS:

21

Diversion-The process of diverting ambulance traffic in cases where resources are not sufficient to meet potential or real needs.

III. PROCEDURE:

<i>Responsible person</i>	<i>Action</i>
<u>IN THE EVENT OF PLANNED MAINTENANCE/REPAIR</u>	<ol style="list-style-type: none">1. The Facilities Director will give advance notice of maintenance/repair and approximate length of time required to complete to the following people:<ol style="list-style-type: none">a. Appropriate Department Manager and Director (ie. OR/CT)b. Emergency Department Managerc. Emergency Department Directord. Clinical administrator on calle. Administrator on callf. House Manager scheduled for affected shift (s)g. EMS Coordinatorh. Trauma Program Coordinatori. Trauma Medical Director2. A collaborative and coordinated decision will be made regarding necessity and appropriateness of bypass and persons noted above will be responsible for communicating bypass to their respective departments.3. The ED Charge RN/designee will notify Hospitals and EMS providers listed on Methodist Hospital Diversion Communication Log at the following intervals:<ol style="list-style-type: none">a. Upon onset of Diversion.b. Update at two hour intervals.c. Upon discontinuation of diversion.
<u>IN THE EVENT OF UNPLANNED OR, CT, MONITORED BED UNAVAILABILITY, OR INTERNAL DISASTER</u>	<ol style="list-style-type: none">1. The ED Attending will determine if there is an acceptable circumstance to declare trauma diversion.2. The Trauma Medical Director (TMD) or designee will be contacted regarding situation and the TMD will make the decision whether trauma diversion is authorized.3. The ED Charge RN will contact the following:<ol style="list-style-type: none">a. House Managerb. ED Managerc. EMS Coordinatord. Trauma Program Coordinator3. The Clinical Administrator on-call will be apprised of the circumstances and notify the Administrator on-call.4. The ED Charge RN/designee will notify Hospitals and EMS providers listed on Methodist Hospital Diversion Communication

	<p>Log at the following intervals:</p> <ol style="list-style-type: none"> Upon onset of Diversion. Update at two hour intervals Upon discontinuation of diversion.

Orthopedic Surgery Medical Staff Commitment

The Orthopedic Medical Staff of Methodist Hospitals, Inc. recognizes both the community's need of trauma care and the invaluable contribution that trauma care will offer, and confirms its commitment to provide the necessary resources to achieve and sustain Level III trauma designation at its Northlake Campus located in Gary, Indiana.

The Methodist Hospitals Orthopedic Surgeons are committed to providing care for the injured patient by ensuring an orthopedic surgeon is on call and promptly available twenty-four (24) hours per day. Additionally, active participation in both the Trauma Program Performance Improvement Committee and Operative and Trauma Service Peer Review Committee are essential and attendance is required at least fifty percent of the time by a designated liaison.

Judson Wood, MD
Orthopedic Liaison

A handwritten signature in black ink that reads "Judson B. Wood, Jr., MD".

Vineet Shah, DO, MPH

Alfred Bonjean, MD

Reuben Rutland, MD
Trauma Medical Director

Date

A large, flowing handwritten signature in black ink that reads "Alfred Bonjean, M.D." followed by a stylized "R.R." monogram.

Northlake Campus
600 Grant Street
Gary, Indiana 46402

Midlake Campus
2269 West 25th Avenue
Gary, Indiana 46404

Southlake Campus
8701 Broadway
Merrillville, Indiana 46410

A handwritten number '25' in black ink.

The Methodist Hospitals, Inc.
Critical Care Medical Staff Resolution

Whereas, The Methodist Hospitals, Inc. has a commitment to serve our community by leading the way to better health for Northwest Indiana; and

Whereas, trauma care is a growing demand in Northwest Indiana and the development of a statewide trauma system has provided Methodist Hospital's Northlake Campus an opportunity to develop a provider relationship with our community; and

Whereas, treatment at a trauma center that participates in a consistent and standardized system of trauma care can significantly increase the chance of survival for victims of serious injury; and

Whereas, participation in the Indiana Statewide Trauma System will result in an organized and timely response to patients' needs, an efficient determination of definitive care requirements, improved care through the development of the trauma program's performance improvement program, and an assurance those caring for trauma patients are educationally prepared:

Now therefore, be it resolved, that the Critical Care Medical Staff of Methodist Hospitals, Inc. recognizes both the community's need of trauma care and the invaluable contribution that trauma care will afford, and confirms its commitment to provide the resources necessary to achieve and sustain Level III trauma designation at its Northlake Campus located in Gary, Indiana.

POLICY AND PROCEDURE

Subject:

Hospitalist Program

POLICY NO.:

PHSVCS_11

ORIGINAL DATE:

11/2009

SUPERSEDES:

PS-MSR_53

PAGE:

1 of 2

Key Words: Hospitalist Staff, intensivists,

Applies to: Inpt: _____ Outpt: _____ Provider: All: _____

Video:

I. POLICY:

To provide guidelines for roles, responsibilities and guidelines for the Hospitalist Staff at Methodist Hospitals.

Hospitalists are physicians whose primary professional focus is the general medical care of hospitalized patients. Hospitalists are credentialed practitioners assigned to the Division of Medicine or Family Medicine with core privileges in those areas, and must maintain their membership on the staff with all rights, privileges and obligations as defined in the Bylaws/Rules & Regulations of the Medical Staff. Hospitalists are intensivists.

II. DEFINITIONS:

NONE

III. ROLES & RESPONSIBILITIES:

1. Upon request, respond and address all critical values/results for laboratory and radiology –in conjunction with on-call physician or if the Primary Care physician is not available.
2. Upon request, attend to cases needing urgent medical attention and management; facilitate level of care transfer of service.
3. Maintain close contact and good communication with patient's attending physician in ongoing care of patients covered by Hospitalist staff.
4. Supports nursing units on emergency or consulting basis during the night.
5. Provide urgent medicine consults to attending physicians upon request and make treatment and intervention recommendations.
6. Provide coverage of "CODE BLUE" patients throughout the Hospital, with assistance from Nurse Anesthetists for control of airways and/or intubations, 24 hours a day, seven days a week.
7. Respond to "RAPID RESPONSE" calls for at-risk inpatients throughout the Hospital, 24 hours a day, seven days a week.
8. Provide History of present illness on directly admitted patients covered by Hospitalist staff.
9. Maintain accurate records for billing purposes.
10. Ensure a fair and equitable referral process with patients needing inpatient/outpatient follow-up care, specialty care, and procedural intervention.
11. Must be currently certified in ACLS.

12. Discharge summaries should be dictated within twenty-four hours following the patient's discharge and communicated to the attending physician for follow-up.

IV. GUIDELINES:

1. Hospitalist staff must be physically on site for the duration of their shift, they will remain on site until their replacement arrives.
2. Hospitalist practice will primarily be limited to the care of patients age 14 and above.
3. Physicians must not have medical record deficiencies, or be in disciplinary status.
4. If patient has an established physician, hospitalist staff are to foster that continued relationship.
5. Hospitalist staff will only be allowed to see patients in the hospital by request, with the exception of a CODE BLUE or RAPID RESPONSE.
6. Hospitalist staff shall not engage in the practice of medicine in a private practice of any type.
7. Hospitalist Staff will not be part of the Emergency Room call roster rotation for primary care.
8. Members of the staff who do not want to take ER call, can request the Hospitalist Staff to take their ER call, providing they have the same privileges. If any of these patients need follow-up care when leaving the ER/hospital, the Hospitalist will refer them back to the physician they are covering.
9. If any patients need follow-up care when leaving the ER/hospital, the Hospitalist will refer them back to their primary care physician. If the patient has no primary care physician, they will be referred to the on call physician.
10. Medical Director of the Hospitalist group will be established and report to the Vice President, Medical Affairs.
